# MANITOBA COMMUNITY SCRAP TIRE RECYCLING GUIDE

Scrap tires in your  
community?

Looking for a  
program to assist?

This guide WHEEL  
explains how easy it is!

To receive the financial incentive, please complete and submit a Community Scrap Tire Collection Claim Form to Tire Stewardship Manitoba along with a copy of the collection receipt provided by the collector.

To schedule removal service of scrap tires contact either Reliable Tire Recycling or OTR Recycling.

Please Note:  
Provide an accurate count on the number of scrap tires. Generally a minimum of 1 semi load (1000) scrap tires is required or 1 year must have passed since the last collection.

## 4 Financial Incentive

Submit a copy of the scrap tire collection receipt and a completed collection claim form.

Receipt

Community Scrap Tire Collection Claim Form

The community will receive fifty cents per scrap tire.

## 3 Scrap Tire Collection

To arrange for scrap tire collection, please contact one of the following companies:

**Reliable Tire Recycling**

**Phone:** 204-774-0725

**Toll Free:** 877-910-5099

**OTR Recycling Corporation**

**Phone:** 204-768-3766

# 2 Designate a Scrap Tire Storage Site

Guidelines for designated site

Space required for storing 500 and 1000 regular sized tires

Quantity	Area Required	Example
500	20x30 ft	1/4 Basketball Court
1000	40x60 ft	1/2 Basketball Court

Please contact Tire Stewardship Manitoba (TSM) if your community is interested in joining the tire recycling program.

Fill out a registration application form and send it to TSM.

## Guidelines for storing scrap tires:

1. Designate an area with signage for the drop off and collection of scrap tires saying "SCRAP TIRES ONLY"
2. Store the scrap tires on a solid foundation in an all-weather area, free and clear of any obstructions and / or debris, and provide enough space for the tires to be directly loaded onto a hauler's semi-truck
3. Separate piles of small to medium sized tires from the large tires
4. Stack tires in rows preferably and no more than 3m in height

For further details please refer to the document *Guidelines for the Storage of Scrap Tires in Manitoba*

# PROGRAM BENEFITS

## HOW DOES THE PROGRAM BENEFIT COMMUNITIES?

Being part of the program and following the Steps:

- Lowers the risk of spreading disease and creating a fire hazard;
- Reduces waste; and
- Improves the environment in your community

## IS THERE ANY FINANCIAL ASSISTANCE AVAILABLE?

Not only is FREE collection provided to all registered communities storing scrap tires, each participating community also receives 50-cents per scrap tire collected. This means from a typical semi-trailer load of 1000 tires each community would receive \$500 from TSM and avoid paying the cost to load and haul the tires to our tire recyclers.

## WHAT HAPPENS WITH THE SCRAP TIRES?

All Manitoba scrap tires are recycled and made into many rubber products, such as aggregate for road beds, landscape mulch, rain gutter splash pads, sidewalk blocks, parking curbs and safe playground surfaces! Your community can benefit by using these environmentally friendly, highly durable, and cost-effective products.

TSM can provide up to \$20,000 in a matching Community Demonstration and Innovations Grant for the use of these Manitoba recycled tire products in community projects.
