## Large Off-The-Road (OTR) Tire Storage and Collection

- By Large OTR Tires we mean tires, not easily moved by hand, that are designed for heavy equipment. These tires are:
  - Large Rear Agricultural Tires 25" rim & over** - designated with one of the following sidewall markings: R-1/R-1W/R-2/R-3/R-4/HF1/HF2/HF3/HF4.
  - Large Off-the-Road** - Includes OTR Mining, Earthmover, Construction, Forestry, Industrial, Aircraft and other large off-highway or on/off highway tires.
- Collection for OTR Tires is scheduled for every **100 tires** (full load) or once a year, whichever is first.
- Please ensure that tires are accessible and stored appropriately in an area that provides a turning radius that can accommodate a fully loaded semi-tractor truck and 48 foot cage trailer on an all weather surface able to support approximately 35 metric tons of vehicle/load weight.

### TIRE COLLECTION:
