For the purpose of determining eligible tire sizes within the tire type category, TSM will deem the following reference material as the reference authority – 2007 Tire and Rim Handbook of the Tire & Rim Association of the United States as amended from time to time.

The Steward-Fee is a supply of a taxable service. Tires supplied for use on fire trucks and ambulances and tires supplied to First Nations are not excluded from the Steward-Fee.

Qualifying equipment and users may be eligible for GST & PST exemptions on the Steward-Fee.

SECTION II: TIRE PRODUCT CATEGORIES EXCLUDED – (Steward-Fee not applicable)

The Tire Stewardship Regulation 2006 excludes tires not designed for powered vehicles (except for trailer tires which are designed to be towed by such a vehicle). Some examples of tires excluded from Steward-Fees are:

- Tires designed for use on bicycles or wheelchairs;
- Tires designed for use on a device designed to be moved by human power such as a wheelbarrow;
- Tires purchased for use on motorized mobility aids designed for the transportation of persons with a physical impairment (seller must retain a copy of the sales invoice that certifies this use and includes the name, address, telephone number and signature of the purchaser);
- Tubes that are manufactured for use inside a tire whether supplied with a tire or separately. Tubes will be managed by the program as part of a tire;
- Tires that ordinarily have a retail value of less than \$30.00. These tires will be managed by the program;
- Recapped and retreaded tires;
- Registered retailers who acquire new tires solely for the purpose of resale, provided they quote their TSM registration number to the retailer from whom they purchase the tire. However, if the tire is subsequently taken out of resale inventory and used for any business or personal use, retailers must remit the applicable Steward-Fee; and
- Retailers who ship to a non-resident to a location outside of the province. The retailer is required to retain documentation relating to the out-of-province delivery to substantiate non-remittance of the Steward-Fee for that sale.

SECTION III: INTEREST

Interest charges will be applied at a rate of 1% per month (12.6825% annually) compounded monthly and calculated from the date the interest became payable.
